Introduction

Computer Science Engineering student with a CGPA of 9.69, with hands-on experience in SQL, Python, Excel, Power BI, and data analytics. Skilled in data cleaning, exploratory data analysis, KPI analysis, and dashboard development through internship and real-world projects. Interested in applying analytical and problem-solving skills to transform data into meaningful business insights.

Skills

- Programming & Querying: Python, SQL, MySQL
- Business Intelligence: Power BI, Power Query, Microsoft Excel
- Data Analysis: Pandas, NumPy, Matplotlib, Data Cleaning, Exploratory Data Analysis (EDA), KPI Analysis
- Tools: Jupyter Notebook, Git, GitHub, VS Code

Professional Experience

Data Analyst Intern — Alfido Tech Aug 2026 – Sep 2026 | Remote

- Performed website traffic analysis using Python, Pandas, NumPy and Matplotlib in Jupyter Notebook.
- Cleaned and analyzed website traffic data to identify traffic patterns, user behavior and referral sources.
- Created visualizations to communicate website performance insights.

Featured Projects

1. Blinkit Sales Analysis Dashboard

Tech Stack: SQL, Power BI, Power Query

- Analyzed **7,060 sales records** to evaluate product performance, outlet performance, and overall sales trends.
- Used **SQL** for data analysis and KPI calculations to derive business insights.
- Performed data cleaning and transformation using **Power Query**.
- Built an interactive **Power BI dashboard** to track Total Sales, Unique Items, Total Outlets, and Average Sales.
- Analyzed sales across item categories, outlet types, location types, outlet sizes, and fat content

2. Netflix Data Analysis Dashboard

Tech Stack: Excel, Pivot Tables, Charts, Slicers

- Built an interactive dashboard to analyze Netflix content using **Pivot Tables, KPIs, charts, and slicers**.
- Analyzed content based on **content type, genre, release year, and country** to generate data-driven insights.

3. Data Validation in Excel

Tech Stack: Microsoft Excel, Data Validation

- Applied **Excel Data Validation** to control and validate data entry.
- Used validation rules to maintain **accurate and consistent data**.
- Created controlled input fields using appropriate validation criteria.

Education

Bachelor of Technology, *Brahmdevdada Mane Institute of Technology, Solapur*
CGPA: 9.69/10 (Expected Graduation: 2027)

07/2023 – Present
Solapur, India

Higher Secondary Certificate (HSC), *Shri shivaji Mahavidyalay, Barshi*
67.50% | 2023

Secondary School Certificate (SSC), *Tulshidas Jadhav Prashala, Vairag*
94.20% | 2021

Certificates

- SQL for Data Analytics — WScubeTech
- Python for Basic Programming — DV Analytics
- Microsoft Excel for Data Analytics — DV Analytics
