INTRODUCTION

Computer Science Engineering student with a CGPA of 9.69, with a strong foundation in Java, Python, JavaScript, HTML, CSS, and MySQL. Experienced in developing web-based and IoT applications using Firebase and ESP32, along with hands-on experience in UI/UX design using Figma. Strong problem-solving skills with an interest in developing user-focused and efficient software solutions.

EDUCATION

Bachelor of Technology

07/2023 – Present | Solapur, India

Brahmdevdada Mane Institute of Technology, Solapur

CGPA: 9.69/10 (Expected Graduation: 2027)

TECHNICAL SKILLS

- Programming: Java, Python, JavaScript, HTML, CSS
- Database & Backend: MySQL, Firebase Realtime Database
- UI/UX: Figma, Wireframing, Prototyping, Auto Layout, User Research
- Tools: Git, GitHub, VS Code, Firebase, Arduino IDE, ESP32, ESP8266
- Web Development: HTML, CSS, JavaScript, Responsive Web Design, Browser DevTools

EXPERIENCE

UI/UX Design Intern | Infotact Solutions

06/2026 – Present | Remote

- Worked on **Synapse – Spatial Intelligence Canvas**, a UI/UX project focused on intuitive spatial data exploration.
- Designed low-fidelity wireframes, interactive prototypes, and high-fidelity interfaces using **Figma**.
- Conducted secondary research to understand user needs and translate them into user-focused interface designs.
- Collaborated with team members to develop intuitive and functional web/mobile interfaces.

FEATURED PROJECTS

1. Smart Vehicle Parking System

Tech Stack: ESP32, Firebase Realtime Database, HTML, CSS, JavaScript, Figma

- Developed an IoT-based smart parking system for **real-time parking slot monitoring** using ESP32 and Firebase.
- Built a web interface for **live slot availability, booking, and parking management**.
- Designed the dashboard interface in **Figma** for an intuitive user experience.
- **GitHub:** <https://github.com/truptipawar941/smart-parking-system-web>
- **Live-Demo:** <https://smartparking-1803.web.app/>

2. Snake Game

Tech Stack: Python, Pygame

- Developed a playable Snake Game using **Python and Pygame**.
- Implemented **scoring, restart, and high-score functionality**.
- **Github:**<https://github.com/truptipawar941/snakegame>

3. Music Player UI

Tool: Figma

- Designed a **Music Player UI** in Figma with a focus on intuitive navigation and user experience.
- Created a clean interface layout for browsing and interacting with music conte
- **Prototype:**<https://www.figma.com/design/JvoA3O9nugeuz6w3XETRY8/music-player?node-id=o-1&p=f&t=oG1oleJlT73q2DND-o>

CERTIFICATES

- Python for Basic Programming — DV Analytics
- UI/UX Design Assessment (Score: 45/50) — Infotact Solutions

PARTICIPATION

- **UI/UX Design Competition** — Designed a **Smart Agriculture Website**.
- **UI/UX Design Competition** — Designed **Campus Care**.
